**Approval for Extension of Contract No. 58038  
Buoy Maintenance and Repair Services for Ocean Waters, Island of Oahu**

The contract for buoy maintenance and repair services for ocean waters around the island of Oahu ends on March 15, 2010. It allows for the extension of the contract, without re-bidding, upon mutual agreement in writing between the State and the Contractor, prior to the expiration date. This is provided that the contract price for the extended period remains the same or lower than the initial contract price, subject to any price increase allowed by the contract.

The vendor has agreed to the extension for the same initial contract price of \$119,112.00, and funding for this project is available through Act 162. SLH 2008, Item H8.

**RECOMMENDATION:**

That the Board extend contract no. 58038 for buoy maintenance and repair service for ocean waters around the island of Oahu to the contractor, Sea Engineering, Inc. for the amount of \$119,112.00. Also, recommend that the Board authorize the Chairperson to sign the necessary documents to implement the buoy maintenance and repair contract and that the Board authorize the Chairperson, subject to review and approval by the Attorney General, to enter into supplemental contract to address unforeseen conditions and sign the necessary documents to implement the additional work with the contractor.
